UNUSUAL COCKTAIL BAR

This gorgeous bar in the heart of St. Petersburg offers a rich selection of wines, homemade lemonade, sangria, generous antipasti, and the espresso perfetto. The best place for enjoying a cocktail in front of the Mariinsky Theatre and open-heart meetings. Sitting on orange sofas, under the sparkle of crystal, under watched over by “moustachioed” Martha and Dostoevsky, dozing behind the front bar. In the most Dostoevsky-style bar of the city White Nights stay forever due to the same-titled gastronomic set menu dedicated to the St. Pete’s cuisine&drinks of the XIX century. Inspired by tasting, do not forget to tell fortunes on Dostoevsky’s statue. Whisper in the ear of the classical writer and find the answer in one of his

There is even a secret room for important meetings, with a river view of classical petersburg from the windows.

The heart of the bar is its unique Cocktail Book, recipes collected by Nove’s bartenders around the world and invented by themselves. This secret knowledge is hidden under the cover of a travel diary: voyage from powerful Mexican apple pie with silver tequila to ladies’ favourite – strawberry ginger lemonade. Attentive mixology accompanies each recipe with marginal notes - but other secrets are still in store...
